Renewable Energy engineering

095-447-8641 | paradorn3237@gmail.com | <https://dxse.site>

PROFILE

I am a dedicated Renewable Energy Engineer with a strong passion for advancing sustainable energy solutions. With a wealth of experience in the solar (PV) sector, my focus is on fostering innovation and enhancing efficiency in renewable energy. I am driven by the creation of systems that address current energy needs while promoting a greener and more sustainable future. Proficient in both English and Thai, I embrace challenges and am enthusiastic about learning and implementing new technologies to enhance energy solutions for a brighter future.

SKILLS

- Renewable Energy Solar(PV)
- Microsoft 365 (AI)
- Autocad
- Electrical Engineering
- Multi language(EN-TH)
- Single line diagram

TECH SKILLS

- React , TailwindCSS , NextJS , Tauri
 - ExpressJS , NestJS , Axum , SwaggerUI
 - Prisma , mongoose , PureSQL
 - PostgreSQL , MongoDB
 - Vitest , Playwright , supertest , k6
 - Git , Sentry , Datadog
-

EDUCATION

University

2020 - 2024

B.A. in Renewable energy. MJU

BIO

- Sex : male
- Birth date : 04 Dec 2002
